DARE TO TAKE

THE LEAD

“My SMU scholarship has allowed me to meet like-minded people who are pursuing different degrees. There is a lot to learn from each other and these are the people who push me to grow in all aspects of my life. It has also given me several opportunities to go overseas. Plus, the lasting friendships that I have formed with some of my fellow scholars will be my support system through university!”

DARE TO CHANGE YOUR FUTURE.

AND THE WORLD.

What is an SMU Scholarship?

It is a recognition of your all-rounded achievements as a student and a validation of your potential for success at SMU and beyond. Depending on the type of scholarship, it could cover all or part of your SMU tuition fees, with some scholarships also providing an allowance for global exposure and personal development and networking opportunities.

Advantages of the Scholars Network

The Scholars Network helps scholars imbibe good leadership qualities, confidence, cultural competence and compassion to make significant contributions to society. They are exposed to a wide array of development programmes and growth opportunities, offered the privilege of participating in global competitions, exclusive dinners with CEOs, customized networking sessions and special seminars by business leaders and key industry experts, empowering them to go beyond their academic learning and become holistic individuals.

Who do we look for?

We are in search of individuals who care about their community and want to create change that matters. If you demonstrate academic excellence, have outstanding leadership qualities and have shown commitment to your community, there's a good chance you have what we're looking for!

Who is eligible?

We have over 40 different types of scholarships for Singaporeans, Permanent Residents and International Students. Do read the requirements and eligibility for each one before applying.

With so many individual scholarships on offer, there's a good chance of scoring one. Each year, 1 in 3 freshmen receives a scholarship or financial award.

It has allowed me to connect with other ambitious individuals that I can learn from, and continues to motivate me to achieve even more. The career talks and personal development workshops with industry experts and alumni have not only allowed me to gain insight into various career pathways, but also reflect on more important questions such as my personal definition of success and the impact I want to leave on the world."
