“SMU'S TEACHING STYLE IS HIGHLY EFFECTIVE, OFFERING ON-THE-SPOT DOUBT CLARIFICATION AND FLEXIBLE CLASS SCHEDULES.”

Chen Jiahui, Year 4 Student  
School of Economics  
Double Majors: Economics and Finance

# HOW YOU LEARN IMPACTS WHAT YOU LEARN

THAT IS WHY THE SMU WAY IS PERSONAL, STUDENT-CENTRIC AND DISTINCTIVE

Learning takes on an exciting dimension in SMU. You are taught in a semi-circular, acoustically-optimised seminar room with no more than 45 other students instead of in a large lecture theatre – that means a low student-faculty ratio... and you can be heard wherever you sit! Our professors come from some of the world's best universities. Best of all, they are caring, approachable and facilitate the most engaging, interactive class discussions. At the end of each seminar, you'll find that you have learnt more than you would have any other way.

**45** STUDENTS PER CLASS

WORLD-CLASS PROFESSORS

PROFESSORS ACROSS  
**>30** DIFFERENT NATIONALITIES

FRESHMEN FROM 293 SCHOOLS ACROSS 125 CITIES AROUND THE WORLD

# A BROAD-BASED CORE CURRICULUM IS THE FOUNDATION OF AN EDUCATED MIND

MORE THAN  
**50**  
COURSES  
TO CHOOSE  
FROM!

Our pioneering Core Curriculum is the cornerstone of an SMU education. Pick from a wide range of courses grouped under the pillars of Capabilities, Communities and Civilisations. It's a broad base that gives you a strong grounding as a thinker, a problem-solver and a leader.

ALL STUDENTS IN SMU GET TO TAKE THE CORE CURRICULUM - WE DON'T RESTRICT BY DEGREE PROGRAMME OR MAJOR!

## CAPABILITIES

- Numeracy**

# BECOME CONSULTANTS ON REAL-WORLD ISSUES

# WITH SMU-X

Take what you learn and apply it in a corporate setting with real clients. Think of it as a career dress rehearsal. SMU-X is experiential learning at its best. It's not just out-of-classroom learning, it's out of this world!

## SMU-X IS NEXT LEVEL EXPERIENTIAL LEARNING

### WHAT'S SMU-X?

You become a consultant to real issues faced by actual industry partners. This interdisciplinary approach integrates academics with real-world projects and mentorship.

### WHO IS IT FOR?

For students who are interested to take their learning beyond the classroom and put theory into practice in a real-world context!

### HOW WILL I BENEFIT?

You will gain industry exposure and networking through active mentoring by our industry partners. Working in diverse teams to solve real challenges, you will learn to be a critical thinker, problem solver, team player and global citizen.

SINCE INCEPTION, SMU-X HAS PARTNERED WITH >1000 ORGANISATIONS ACROSS A WIDE RANGE OF INDUSTRIES, SUCH AS:

- Alzheimer's Disease Association
- DMK
- Expedia Group
- National Volunteer and Philanthropy Centre
- Oleificio Timperio
- Scanteak
- Shiseido Asia Pacific
- Singapore International Chamber of Commerce
- Urban Redevelopment Authority
- Zenxin Organic
- ... and more!

HEAR FROM OUR INDUSTRY PARTNERS, FACULTY AND STUDENTS ABOUT SMU-X!

**WWW**

# A FAST-TRACK OR WORK-STUDY PROGRAMME IS THE SMART WAY TO A CUTTING EDGE CAREER!

We curated programmes that equip you with sought-after skills needed in exciting, new careers and growth industries. The rest is up to you!

## WORK-STUDY OPPORTUNITIES

### SMU-Accenture Cloud Solutions Development Work-Study Elective Programme In Collaboration With Amazon Web Services (AWS) Singapore

Accenture provides students with the opportunity to undergo a six-month extended internship programme and AWS Singapore provides the cloud technology and learning resources.

### SMU-KPMG Analytics and Cloud Technology Work-Study Programme in partnership with Google

Develop qualified infocomm talents in various high-growth fields, specifically in data analytics and cloud technology. It embeds an industry or career certification in the undergraduate study to equip students with professional and technical skills to increase employability.

### SMU-SingHealth Health Economics and Management Work-Study Programme

Undergo a 6-month internship programme at SingHealth to acquire first-hand experience and knowledge of the healthcare sector.

### BSc (Software Engineering) SkillsFuture Work-Study Degree Programme

Emphasise the use of rigorous methods to construct reliable, trustworthy, secure and usable software systems, through a work-study programme that integrates classroom learning with on-the-job training via a substantive apprenticeship.

### SMU Actuarial Science Work-Study Elective

Established for students who are eager to pursue their professional careers in the actuarial field after graduation, this 20-week work-study elective allows you to have a higher exposure to industry, better connections, and more practical working experience.

### Management Consulting Work-Study Elective (Industry Experience with McKinsey/Bain)

Learn from one of the Big-Three management consulting companies during a 5-month internship, applying consulting tools in solving strategic issues for organisations in a wide range of industries.

### Public Policy and Public Management Work-Study Elective

Develop real-world skills in strategising, implementing and reviewing initiatives/schemes across the public, private and people sectors. Take this chance to complement your academic training with substantial work projects!

### Integrative Studies Work-Study Elective

Learn from an industry-immersive experience, and combine work and study in a meaningful way, while addressing the themes of your Individualised Major and your Senior Thesis or Capstone project.

### SMU Sustainability Accounting Work-Study Elective

Explore the real-world applications of sustainability accounting and develop the skills and knowledge necessary to become effective sustainability accountants through a 20-week internship.

### SMU Audit & Assurance Work-Study Elective

Gain a holistic understanding of the real-world processes in the auditing field with a work-study attachment and pave the way for performing higher-level audit work when entering the profession.

### SMU Accounting Data and Analytics Work-Study Programme

Take the opportunity to apply your data analytics knowledge and pick up new skill-sets in a 20-week internship with the Big Four accounting firms in one of the four service lines - assurance, tax, advisory or consulting.

### SMU Financial Forensics Work-Study Programme (Industry Experience with OCBC Bank)

Develop skill-sets in financial forensics through an immersive on-the-job experience detecting and preventing financial crime in the digital technology domain, through a 20-week internship with OCBC Bank.

### BBM (Private Banking) SkillsFuture Work-Study Degree

Undergo an 8-month internship with DBS and gain practical skill sets and competencies for the private banking industry.

### BFI Family Office Management Work-Study Elective

The 5-month internship programme in a family office presents valuable opportunities for you to take on a broader range of responsibilities and to learn directly from senior management, compared to junior internships at a larger corporate organisation.

### Overseas Entrepreneurship Work-Study Elective

This is the Global Innovation Immersion 6-month Track Programme offered by the Institute of Innovation and Entrepreneurship, which combines an internship engagement with credit-bearing coursework at an international partner university.

### Global Trade and Maritime Work-Study Elective

The collaboration between SMU and industry partners provides you with the opportunity to undergo a 5-month internship programme at a partner company in the global trade and maritime sector.

### Sustainable Societies Work-Study Elective

Immerse yourself in sustainability-related roles within our partner organisations and experience how sustainability works in large corporations and business strategies first-hand.

## FAST-TRACK PROGRAMMES

### SMU-CARNEGIE MELLON MASTERS FAST TRACK

Students can graduate with both:

- Bachelor of Science (Information Systems) or Bachelor of Science (Computer Science) or Bachelor of Science (Computing & Law) or Bachelor of Science (Software Engineering) degree, and
- Master's degree in IT from Carnegie Mellon University

### SMU-MASTER OF IT IN BUSINESS (MITB) FAST TRACK

This fast track programme allows selected undergraduates to pursue a Bachelor and Master of IT in Business (MITB) degree concurrently.

### SMU-MASTER OF PHILOSOPHY IN ECONOMICS FAST TRACK

This fast track programme allows students to complete the Bachelor of Science in Economics and Master of Philosophy in Economics degrees in 5 years.

### SMU-MASTER OF SCIENCE IN COMPUTING FAST TRACK

In addition to the BSc (Information Systems) or BSc (Computer Science), selected undergraduates can obtain the Master of Science in Computing (MSc Computing) degree concurrently.

### SMU-UCL INTEGRATED PROGRAMME

Students can graduate with an SMU SCIS undergraduate degree and a Master of Science in Smart Cities and Urban Analytics from University College London (UCL).

### SMU-DUKE-NUS MEDICINE PATHWAY PREPARING DOCTORS TO BE FUTURE HEALTHCARE LEADERS

Want to be a doctor and a future healthcare leader? The innovative SMU-Duke-NUS Medicine Pathway will develop future clinicians who aspire towards key leadership or management roles within a hospital or healthcare system.

### FAST TRACK MPhil IN PSYCHOLOGY

The fast track MPhil in Psychology is a 2-year programme targeting Year 4 SMU undergraduates interested in developing research knowledge and skills— especially those who are considering a PhD in Psychology.

### BBM QUANTITATIVE FINANCE-MSC IN QUANTITATIVE FINANCE FAST TRACK PROGRAMME

This integrated programme provides an avenue for high-potential Business Management (BBM) students to accelerate their studies towards a master's degree. You can benefit from a holistic education by combining a broad-based undergraduate education with a highly specialised and technical postgraduate education. Students can graduate with both degrees in four years.

# AN SMU BACHELORS WILL HELP YOU FLY WITH AN SMU MASTERS, YOU'LL SOAR

BE THE CHANGE AND MAKE THE WORLD A BETTER PLACE

“DON'T UNDERESTIMATE THE AMOUNT OF GOOD YOU CAN DO WITH WHAT YOU ARE GIVEN. COMMUNITY SERVICE IS MORE THAN JUST AN ACT OF KINDNESS; IT'S A POWERFUL CATALYST FOR CHANGE.”

Lionel Goh, Year 4 Student, School of Computing and Information Systems Soka Gakkai Singapore (SGS)-Ikeda Peace Award and SMU Excellence In Student Life Bronze Award recipient in 2024

RECIPIENT OF THE PEOPLE'S ASSOCIATION COMMUNITY SPIRIT AWARD 2024 EXCELLENCE AWARD

COMMUNITY SERVICE IN SMU DOES SOMETHING TO YOU THAT NO AMOUNT OF LEARNING CAN DO - MAKES YOU A BETTER PERSON!

There's something about getting out of your comfort zone, helping others, sharing what you have with the less privileged that changes you for the better. For life! Community Service Projects (CSP) are a key pillar in SMU's innovative and transformational education approach. All SMU undergraduates put in many hours of community service before they graduate. The projects can be done locally or overseas. No matter how you feel at the beginning, everyone gets impacted in the end. Many go on to participate in more projects beyond the requirements.

# LIVE AND LEARN TOGETHER, MAKE FRIENDS FOR LIFE

**PRINSEP STREET RESIDENCES (PSR)**  
LIVING AND LEARNING SO CLOSE TO CAMPUS WITH FRIENDS FROM THE WORLD OVER

PSR is an innovative communal living concept for SMU students - the College of Integrative Studies oversees the undergraduate collegiate experience by providing shared open spaces to live, learn and interact.

Choose between modern single or twin rooms in airy, light-filled apartments designed on a zero-energy concept. These residences provide an exceptional university living experience, with spacious shared areas, including stylish living and dining spaces to enjoy with your fellow residents. Step outside to relax in the lush green surroundings, perfect for socialising or quiet reflection.

From indulging in 2:00am roti prata runs with your apartment mates to taking late-night study strolls to the library, your university experience comes alive at PSR. Living and learning in the heart of the city has never been more exciting—this is residential life at its finest.

**A LEARNING SANCTUARY, A RESIDENTIAL OASIS**

“Living at PSR lets me experience a holistic college life. Eating supper, playing basketball, and studying together with my friends in PSR have been the highlight of my first year in SMU!”

Carnella Tamara, Year 2 Student  
College of Integrative Studies  
Individualised Major: Artificial and Human Intelligence

## YOU CAN LOOK FORWARD TO:

- A slate of exciting student-led activities such as Sports Day, Prinsep’s Got Talent, festive celebrations, and many others.
- Thought-provoking discussions on a wide range of topics during our brown bag sessions.
- Opportunities to socialise and network with your profs in a cozy and relaxed environment.

### Liew Wai Horng

SCIS'26,  
GII'24 Product intern,  
Zhiyin (Shenzhen)

"During my overseas internship in Shenzhen, I gained hands-on experience in app development, creating impactful solutions for people with hearing disabilities. Although the language barrier and the software development were challenging, I persevered, knowing the positive impact the work would have on the targeted community."

\*Open to all full-time SMU undergraduates who will return for at least one more semester after the programme.

### Claire Soh

LKCSB'26,  
GII'24 Business Developer,  
PlasticFri (Stockholm)

"As a first-time solo traveller, visiting Sweden felt daunting, but the team at PlasticFri made me feel incredibly welcome. I gained valuable insights into Sweden's sustainability landscape and contributed to developing a go-to-market strategy for the Asia-Pacific region."

## THE BUSINESS INNOVATIONS GENERATOR INCUBATION PROGRAMME

offers a platform and ecosystem to incubate and mentor student start-ups. There have been a number of success stories by SMU student founders such as Parka, Quest, SolanaFM and Magorium. You could be next!

### SOLANAFM

Nicholas Chen, SCIS  
SCIS'25, BIG'20, Co-Founder SolanaFM

"At SMU, turning innovative ideas into reality isn't just a dream. It's encouraged and supported. Through programmes like BIG, we've had the chance to bounce ideas off experienced mentors, collaborate with like-minded peers, and access resources that helped transform our visions into viable projects, like The Greenhouse! SMU provides the perfect environment to explore, learn, and grow."

### MAGORIUM

Oh Shu Xian, SOSS  
(BSocSc 2022), BIG'18, Co-Founder Magorium

"From the beginning before we paved a single road, the BIG team believed in us. We definitely wouldn't be where we are now without their support!"

ACCESS CURATED PROFESSIONAL DEVELOPMENT AND CONTINUING EDUCATION RESOURCES

Get access to a vast array of alumni resources, and professional and continuing programmes for life.

SMU GRADUATES IMPACT SOCIETY AND INSPIRE OUR STUDENTS. THEIRS ARE NOT JUST SHOES TO FILL BUT FOR YOU TO OUTGROW!

# WALK IN THE FOOTSTEPS OF GIANTS BUT LEAVE YOURS FOR OTHERS TO FOLLOW

24 years on and over 40,000 graduates later, where are our alumni today? This much we know – wherever they may be, they contribute meaningfully and make an impact on the community. The story of SMU continues – beyond our seminar rooms, beyond our campus, and even well beyond our shores. What keeps it going? Definitely the close-knit community, support and mentoring culture that you'll find in our network of alumni here and around the world.

**RESHMA DOGIPARTHY**  
(BBM 2022)  
Product Supply Manager  
Procter & Gamble

Reshma was a recipient of the SMU CIRCLE Award, which recognised her dedication to a well-rounded education and active engagement in diverse extracurricular activities. As a Product Supply Manager at Procter & Gamble, Reshma continues to exemplify her commitment to excellence, a true testament to her story of perseverance and the relentless pursuit of perfection.

**JOYLYNN TAN**  
(BSocSc 2015)  
CEO & Co-Founder  
BRB Selfcare Pte Ltd

The flexibility of SMU's curriculum allowed Joylynn to explore various sub-disciplines within psychology, sparking a commitment to understanding mental disorders and their societal impact. As the CEO and co-founder of BRB Self-care, a platform dedicated to offering professional support and resources, she leverages technology to provide valuable assistance to individuals navigating life transitions. Her journey exemplifies the transformative power of an SMU education.

**KOH KANG LIANG**  
(BSc Econ 2017)  
Founder and Managing Director  
Growth Innovations Pte Ltd

With a background in economics, Kang Liang ventured into the digital technology realm after graduation. Inspired by the success stories of fellow alumni and a strong desire to make a mark, he took a leap of faith and founded his own tech startup. Today, Kang Liang leads Growth Innovations, a rapidly growing venture-building and consulting firm in Singapore. He also mentors innovators in the SMU community and is an inspiration for aspiring student entrepreneurs.

**NEIL YAP**  
(BAcc 2008)  
Head of AML Assurance,  
Group Retail COO Office -  
Business Risk and Compliance  
Management UOB

The core academic subjects Neil picked at SMU played a crucial role in landing his first job as an auditor. He discovered that the skills honed through foundational courses such as Critical Thinking and Ethics empowered him to navigate complex issue adeptly. They provided him with a solid framework for navigating ethical dilemmas and analysing complex situations critically, thereby enhancing his effectiveness at work. Neil credits SMU for not only imparting students with technical expertise but also nurturing skills vital for real-world success.

**EDISON LIM**  
(BSc IS 2017)  
Co-Founder & CEO  
BasedApp

**ZAC LER ZE CHEN**  
(BSc IS 2017)  
Co-Founder & CTO  
BasedApp

Edison and Zac are co-founders of BasedApp, a company that brings transparency and efficiency to the world of banking. BasedApp makes it possible for people to seamlessly spend, invest, and trade digital assets using smart contract wallets and enjoy fee-free, borderless transactions with Visa cards. Their unwavering commitment to shaping the future of finance and technology reflects the spirit of excellence fostered in SMU.

**DEVATHAS SATIANATHAN**  
(LLB 2013)  
Partner  
Rajah & Tann Singapore LLP

Devathas fondly remembers a dynamic environment that fostered both academic excellence and camaraderie. Surrounded by inspiring peers, faculty, and staff, he thrived in an atmosphere where learning was enjoyable and collaborative. Devathas credits SMU for equipping him with not just a degree, but also invaluable life skills and connections that continue to shape his journey beyond graduation.

# GIVE YOUR BEST, LEAVE YOUR MARK BE AN SMU SCHOLAR

Use our online Student Financial Needs Calculator to find out if you are eligible for financial aid. If you have a real need, you can be assured that we've got your back!

## SMU ACCESS PLUS YOUR AMBITIONS, OUR SUPPORT - FINANCIAL FREEDOM STARTS HERE

Redefine what's possible with SMU's most generous financial aid scheme yet. SMU is committed to making education affordable for everyone.

### WHO SHOULD APPLY

- Full-time undergraduates enrolled in any degree programme
- With demonstrated financial needs (with gross monthly household income not exceeding the prevailing income tiers)

### WHAT YOU GET

- Full Coverage\*\* of Tuition Fees (only for Singaporean citizens and PCI less than \$1,100)
- \$4,000 Annual Living Allowance (only for Singaporean citizens and PCI less than \$750)
- \$4,000 Global Experience Grant over 4 years\* (all qualifying students with PCI less than \$2,500)
- Bond-free

### BURSARY/SUBSIDY SCHEMES

#### HIGHER EDUCATION COMMUNITY BURSARY AND HIGHER EDUCATION BURSARY

Government bursaries that provide financial assistance to Singaporean students.

#### MENDAKI TERTIARY TUITION FEE SUBSIDY

An education subsidy for Malay students that covers up to 100% of the subsidised tuition fees.

### DONOR-FUNDED SCHEMES

SMU also offers a wide range of financial aid schemes funded by donors and well-wishers, as well as SMU alumni, towards the financing of study-related expenses such as tuition fees, participation in student activities, as well as living expenses.

### LOAN SCHEMES

#### CPF EDUCATION LOAN SCHEME

A loan scheme that allows the use of savings in the CPF Ordinary Account to pay for up to 100% of subsidised tuition fees (subject to allowable limit).

#### TUITION FEE LOAN

A government-funded loan scheme that covers up to 90% of the subsidised tuition fees payable by Singaporean students.

#### STUDY LOAN

A government-funded loan scheme that covers up to 20% of the subsidised tuition fees payable by Singaporean students, and provides up to \$3,600 living allowance per year.

### OTHER SCHEMES

#### POST-SECONDARY EDUCATION ACCOUNT (PSEA)

A scheme that allows Singaporean students to utilise their own or their siblings' PSEA funds to pay their tuition fees and/or other fees for approved programmes.

#### SMU WORK-STUDY GRANT

A grant, through on-campus work opportunities, to assist students who have exhausted possible educational financing schemes available at SMU and are still in need of further assistance in meeting their study and daily expenses.

# APPLY NOW IN 3 EASY STEPS

**1** APPLY ONLINE AT  
ADMISSIONS.SMU.EDU.SG

**2** UPLOAD YOUR  
SUPPORTING  
DOCUMENTS

**3** WAIT TO HEAR  
FROM US!

We are so glad that you are considering SMU as your university of choice! SMU welcomes students who will embrace our approach to education by taking full advantage of all the resources that SMU offers, and go on to make an impact in their careers and in society. Submitting your application to SMU is a simple three-step process.

Applications are reviewed based on academic performance, co-curricular involvement, and interview/writing test (where applicable) for shortlisted candidates.

We wish you all the best in your applications and hope to see you in SMU!

## TUITION FEES

Tuition fees are heavily subsidised by the Singapore government. This subsidy comes in the form of a tuition grant. Singapore Permanent Residents and International Students who take up the tuition grant are required to work in a Singapore-registered company for 3 years upon graduation from SMU. Those who are not eligible, or choose not to apply for the tuition grant, will pay the non-subsidised fees. Such students will not be bound by the 3-year work obligation.

### ANNUAL TUITION FEES FOR AY 2024/2025 ENTERING FRESHMEN (Regular Term 1 and Term 2)

Degree	Bachelor of Accountancy Bachelor of Business Management Bachelor of Science (Economics) Bachelor of Science (Information Systems) Bachelor of Science (Computing & Law) Bachelor of Science (Computer Science) Bachelor of Social Science Deferred Declaration of Degree Bachelor of Science (Software Engineering)	Bachelor of Laws
Annual Subsidised Fees Payable by Singapore Citizens	\$11,500	\$12,700
Annual Subsidised Fees Payable by Permanent Residents	\$16,050	\$17,750
Annual Subsidised Fees Payable by ASEAN International Students	\$25,100	\$27,650
Annual Subsidised Fees Payable by other International Students	\$26,100	\$28,350
Annual Non-Subsidised Fees	\$47,050	\$51,100

We adopt the fixed fee model, which guarantees that tuition fees remain unchanged throughout the normal duration of study at SMU (four years) for every freshmen cohort. However, tuition fees for future freshmen cohorts are subject to change from year to year.

The subsidised fees for Singapore Citizens and Singapore Permanent Residents shown are without GST which is separately subsidised by the Singapore Government.

The subsidised fees for International Students and non-subsidised fees are inclusive of GST.

### ENTRY QUALIFICATIONS

### GENERAL ACADEMIC REQUIREMENTS

# SCHOOL OF ACCOUNTANCY

FIND OUT MORE  
WWW

“OUR BACC PROGRAMME IS DESIGNED TO EQUIP OUR STUDENTS WITH SOUND ACCOUNTING KNOWLEDGE, STRONG COMMUNICATION SKILLS AND TECHNOLOGICAL COMPETENCIES SO THAT THEY CAN MAKE AN IMPACT IN THEIR ORGANISATION. WE PREPARE OUR STUDENTS TO BE FUTURE-READY ACCOUNTING PROFESSIONALS.”

Lee Kong Chian Chair Professor Cheng Qiang  
Dean, School of Accountancy

## BACHELOR OF ACCOUNTANCY/BACC ACCOUNT FOR MY FUTURE

### 5 REASONS TO JOIN THE SCHOOL OF ACCOUNTANCY

#### ACCREDITED BY 10 PROFESSIONAL & EDUCATIONAL BODIES

Our students receive module exemptions under the respective professional pathways.

#### BUILDING TECHNOLOGICAL COMPETENCIES

Through our specially developed data technology and accounting application courses, stay ahead of the curve by becoming a tech-savvy accounting professional ready to problem-solve, strategise and predict industry trends.

#### GLOBAL RANKING IN RESEARCH

1st in the World in Archival Accounting Research (All Topics) (as at February 2024).

#### TRAINING STRATEGIC ADVISORS

Develop into an effective Strategic Advisor by gaining a strong foundation in accounting knowledge and an appreciation of its connectivity across other disciplines.

#### STRONG GRADUATE OUTCOMES

7 in 10 students received job offers BEFORE graduation!

### THE SMU BACHELOR OF ACCOUNTANCY (BACC) IS ACCREDITED AND ENDORSED BY THE FOLLOWING EDUCATIONAL ACCREDITATION AND PROFESSIONAL INDUSTRY BODIES:

- Accounting and Corporate Regulatory Authority (ACRA)
- Institute of Singapore Chartered Accountants (ISCA)
- Institute of Chartered Accountants in England and Wales (ICAEW)
- Chartered Accountants Australia and New Zealand (CA ANZ)
- CPA Australia
- Association of Chartered Certified Accountants (ACCA)
- Chartered Institute of Management Accountants (CIMA)
- Certified Management Accountants Australia (CMA)
- Institute of Management Accountants (IMA)
- AACSB International

“Through the SMU BAcc programme, I’ve gained incredible internship experiences in audit, investment and financial data solutions, led a student body, and expanded my global perspective through an exciting exchange in Sweden!”

Jonathan Poh Jun Hui, Final Year Student,  
School of Accountancy

“I enjoy teaching because it lets me share research insights with my students, highlighting the role of carbon accounting and sustainability reporting in driving transparency, accountability, and sustainable economic practices.”

Holly Yang, Associate Professor of Accounting  
School of Accountancy

# BACHELOR OF ACCOUNTANCY CURRICULUM

**ACCOUNTING CORE**  
18 Course Units

**CORE CURRICULUM**  
12 Course Units

**ACCOUNTING ELECTIVES**  
3 Course Units

**FREE ELECTIVES**  
3 Course Units

## CORE CURRICULUM (12 CUs)

The SMU Core Curriculum is a holistic programme that initiates undergraduates into a journey toward intellectual dynamism and self-actualisation. It is based on the following three pillars:

### CAPABILITIES (6 CUs)

The Capabilities pillar equips students with 21<sup>st</sup> century skills necessary to thrive in an increasingly digitised and data-driven working environment.

#### Numeracy (1 CU)

All BAcc students will take Calculus.  
• Calculus

#### Modes of Thinking (1 CU)

Choose one from:  
• Critical Thinking in the Real World  
• Computational Thinking and Programming  
• Managing in a Volatile, Uncertain, Complex and Ambiguous (VUCA) Context

#### Managing (2 CUs)

BAcc students must take Management Communication and choose one course from a range of courses such as:  
• Modeling and Data Analytics  
• Working and Managing in a Digital World

- Business, Government and Society
- Collaborative Governance
- Leadership and Team Building

#### Writing and Reasoning (1 CU)

#### Internship (1 CU)

### COMMUNITIES (4 CUs)

The Communities pillar trains students to understand the economic, technological and cultural systems that shape our interactions with our communities.

#### Economics and Society (1 CU)

#### Technology, Science and Society (1 CU)

Choose one from a range of courses such as:  
• Digital Cultures  
• Science, Environment and Empire  
• Climate, History and Society  
• AI and Humanity  
• Technological Solutions to Urban Challenges  
• Climate Change: Global and Local Solutions  
• Biotechnology in a Global Society

#### Cultures of the Modern World (1 CU)

Choose one from a range of courses such as:  
• Urban Cultures  
• Finding Home in a Globalised World  
• Singapore: Imagining the Next 50 Years  
• Politics of South-East Asia

- Scratches on their Minds: Images of Asia in Hollywood
- Sustainable Cities
- Foreign Languages

#### Community Service (1 CU)

### CIVILISATIONS (2 CUs)

The Civilisations pillar immerses students in the fundamental debates that cut across time and space, preparing them to engage in critical dialogue between multiple and competing traditions of thought and problem-solving.

#### Ethics and Social / Corporate Responsibility (1 CU)

All students taking BAcc as their primary degree must take: Ethics and Social Responsibility for Accounting

#### Big Questions (1 CU)

#### Global Exposure (Non-credit Bearing)

#### Additional Graduation Requirements - Digital Technology/Data Analytics (D/D), Sustainability, and Singapore and Asia Studies

For students in the BAcc programme, the School has woven content on D/D, Sustainability, Singapore and Asia Studies into compulsory courses of the programme so these requirements are automatically satisfied for you.

Course offerings may differ in each semester / academic year.

## ACCOUNTING CORE (18 CUs)

### ACCOUNTING COURSES (11 CUs)

Accounting courses equip students with the necessary professional competencies and skills in a knowledge-based economy.

- Accounting Information Systems
- Accounting Thought and Governance
- Advanced Financial Accounting
- Audit and Assurance
- Financial Accounting
- Financial Reporting and Analysis
- Intermediate Financial Accounting
- Management Accounting
- Statistical Programming
- Taxation
- Valuation

### BUSINESS COURSES (7 CUs)

Business Courses ground students in the theories, concepts and working tools that are essential in a modern business environment. These courses also lay the groundwork for a better understanding of the role that accounting plays.

- Business Law
- Company Law
- Finance
- Financial Markets and Investments
- Introductory Statistics
- Management of People at Work
- Strategy

## ACCOUNTING ELECTIVES (3 CUs)

These electives allow students to pursue a broader understanding of accounting in different areas of specialisation.

Choose three from:

- Accounting Analytics Capstone (SMU-X)
- Accounting Data and Analytics Work-Study Elective\*
- Accounting Study Mission (Asian Studies)
- Advanced Taxation

- Algorithms and Programming\*\*
- Analytics for Value Investing\*
- Analytics in Finance and Real Estate\*
- Audit Analytics (SMU-X)\*\*
- Audit and Assurance Work-Study Elective
- Auditing Information Systems (SMU-X)\*\*
- Blockchain Applications in Financial Services\*\*
- Business Data Management
- Computational Thinking and Programming\*\*
- Corporate Banking Technology
- Corporate Financial Management
- Data Management
- Data Modelling and Visualisation (SMU-X)#
- Data Science with Python\*\*
- Dispute Resolution: The Role of Experts#
- Financial Analytics\*\*
- Financial Crime
- Financial Forensics Work-Study Elective#
- Forecasting and Forensic Analytics (SMU-X)\*
- Forensic Accounting and Investigation
- Foundations of Cybersecurity\*\*
- Foundations of Financial Crime Compliance
- Insolvency and Restructuring#
- Internal Audit (SMU-X)
- Law of Evidence#
- Overseas Project Experience (Accounting in Asia) (SMU-XO)
- Quantum Computing in Financial Services\*\*
- Real Estate Valuation and Taxation
- Robotic Process Automation for Accounting\*\*
- Strategic Management Accounting
- Sustainability Accounting and Reporting
- Sustainability Accounting Work-Study Elective\*\*

## FREE ELECTIVES (3 CUs)

Students may take courses from any of SMU's seven schools (including Accounting Electives) to fulfil the Free Electives requirement.

Visit website for more details

## SECOND MAJOR IN ACCOUNTING DATA AND ANALYTICS

Students studying the Second Major in Accounting Data and Analytics will take four compulsory courses in data technology and three analytics electives which enable them to apply their data technology skill sets in the accounting context. Lastly, students will complete a compulsory capstone course under the SMU-X experiential learning pedagogy.

### COMPULSORY

- Accounting Information Systems
- Business Data Management
- Data Modelling and Visualisation (SMU-X)
- Statistical Programming

### ACCOUNTING ANALYTICS CAPSTONE (SMU-X) (COMPULSORY)

### ANALYTICS ELECTIVES

Any 3 Courses from Selected Accounting Electives (indicated by '\*')

## SECOND MAJOR IN FINANCIAL FORENSICS

The Second Major in Financial Forensics will equip graduates who are interested to work in this area with the critical skills to combat financial crime and fraud. Students will study five compulsory courses, and pick three courses from a list of electives.

### COMPULSORY

- Business Data Management
- Financial Crime
- Forecasting and Forensic Analytics (SMU-X)
- Forensic Accounting and Investigation
- Internal Audit (SMU-X)

### FORENSIC ELECTIVES

Any 3 Courses from Selected Accounting Electives (indicated by '#')

## SUSTAINABILITY ACCOUNTING TRACK

Students completing the Sustainability Accounting Track will gain expertise in sustainable business practices through two compulsory courses and two electives. This track equips graduates to lead in integrating sustainability into financial reporting and decision-making.

### COMPULSORY

- Sustainability Accounting and Reporting
- Sustainability Assurance

### ELECTIVES

- Any 2 Courses from a list of pre-determined courses in Accounting (indicated by '+'), Business and Social Sciences.

ASSURANCE  
BUSINESS VALUATION

ENTERPRISE RISK MANAGEMENT  
ENTREPRENEURSHIP

FINANCIAL ACCOUNTING  
FINANCIAL FORENSICS

INTERNAL AUDIT

## BACHELOR OF BUSINESS MANAGEMENT/BBM BECAUSE BUSINESS POWERS THE WORLD

### 5 REASONS TO JOIN THE LEE KONG CHIAN SCHOOL OF BUSINESS

#### INTERNATIONALLY RECOGNISED

Learn from world-class faculty and earn an internationally recognised degree from a triple crown accredited business school.

#### STRONG EMPLOYMENT PROSPECTS

Enjoy attractive and competitive career prospects spanning multiple industries.

#### GLOBAL EXPOSURE

Expand your horizons and enrich your life experience through abundant opportunities in overseas exchanges, internships, study missions, and community service projects.

#### TRANSFORMATIVE EXPERIENCE

Discover a Different U through our broad-based curriculum and interactive pedagogy with small class sizes.

#### PERSONALISE YOUR LEARNING JOURNEY

Craft your path of study with a flexible suite of majors and tracks offering industry-relevant teaching and mentoring.

### BUSINESS MAJORS

- Communication Management
- Operations Management
- Strategic Management
- Finance
- Organisational Behaviour & Human Resources
- Digital Business (as second major)
- Innovation & Entrepreneurship
- Quantitative Finance
- Sustainability Management (as second major)
- Marketing

LEE KONG CHIAN SCHOOL OF BUSINESS IS ONE OF THE YOUNGEST BUSINESS SCHOOLS TO BELONG TO AN ELITE GROUP OF BUSINESS SCHOOLS THAT HAS RECEIVED THE THREE GLOBAL ACCREDITATIONS BY AACSB, EQUIS, AND AMBA. ONLY 1% OF BUSINESS SCHOOLS IN THE WORLD HAVE ACHIEVED THIS PRESTIGIOUS HONOUR OF THE TRIPLE CROWN.

The Bachelor of Business Management (BBM) programme nurtures graduates who combine business knowledge, with global vision and social responsibility. This means you leave with more than just a business degree. You become a confident, articulate, and well-rounded individual. Just what the corporate world ordered!

# BACHELOR OF BUSINESS MANAGEMENT CURRICULUM

**CORE CURRICULUM**  
12 Course Units

**BUSINESS CORE**  
11 Course Units

**BUSINESS MAJOR**  
6 Course Units

**FREE ELECTIVES**  
7 Course Units

## CORE CURRICULUM (12 CUs)

The SMU Core Curriculum is a holistic programme that initiates undergraduates into a journey toward intellectual dynamism and self-actualisation. It is based on the following 3 pillars:

### CAPABILITIES (6 CUs)

The Capabilities pillar equips students with 21<sup>st</sup> century skills necessary to thrive in an increasingly digitised and data-driven working environment.

- **Numeracy (1 CU):** Introductory Statistics (1 CU from basket of courses)
- **Modes of Thinking (1 CU from basket of courses)**
- **Managing (2 CUs):** Management Communication (1 CU) and 1 CU from basket of courses
- **Writing and Reasoning (1 CU)**
- **Internship (1 CU)**

### COMMUNITIES (4 CUs)

The Communities pillar trains students to understand the economic, technological, and cultural systems that shape our interactions with our communities.

- **Economics and Society (1 CU)**
- **Technology, Science and Society (1 CU from basket of courses)**
- **Cultures of the Modern World (1 CU from basket of courses)**
- **Community Service (1 CU)**

## CIVILISATIONS (2 CUs)

The Civilisations pillar immerses students in the fundamental debates that cut across time and space, preparing them to engage in critical dialogue between multiple and competing traditions of thought and problem-solving.

- **Ethics and Corporate Responsibility (1 CU)**
- **Big Questions (1 CU)**
- **Global Exposure (Non-credit Bearing)**

*Additional Graduation Requirements - Digital Technology/Data Analytics (D/D), Sustainability, and Singapore and Asia Studies*  
Students can meet each graduation requirement by enrolling in specific courses, or, in select Schools, through programme or major core courses where the relevant content has already been integrated to meet the graduation requirement.

## BUSINESS CORE (11 CUs)

The Business Core provides you with grounding in the theories, concepts, and working tools that are essential for operating in a modern business environment.

These course units comprise:

- Finance
- Marketing
- Operations Management
- Management of People at Work
- Strategy
- Decision Analysis
- Financial Accounting
- Management Accounting
- Business Law
- A “Digital Skills in Business” course
- Capstone: The Design of Business

## BUSINESS MAJOR (6 CUs)

A business major is an area of specialisation. Students may choose to do 1 or 2 majors. While BBM students have to choose a first major offered by LKCSB, a second major can be chosen from among the majors offered by all schools at SMU. Students can also decide to be a generalist and not declare a major, in which case they can complete 6 courses from any of the 10 business majors (i.e. these courses can be from multiple majors). Further specialisation within a sub-field of a major is possible by taking on a track.

The business majors and tracks are:

### COMMUNICATION MANAGEMENT

- 2 Compulsory Courses
  - Foundations in Strategic Communication
  - Designing Communication for Behavioural Change
- 4 Communication Management electives, e.g.:
  - Intercultural Communication
  - Crisis Management and Communication
  - Communication Strategies in the Digital Age
  - Fundamentals of Media Engagement
  - Misinformation Management

Communication Management majors may further choose to pursue a track: Data, Design, & Communication.

### FINANCE

- 3 Compulsory Courses
  - Corporate Finance
  - Corporate Reporting and Financial Analysis
  - Financial Markets and Investments

3 Finance electives, e.g.:

- Financial Innovation, Blockchains, and Decentralised Finance
- Sustainable Finance
- Advanced Portfolio Management
- Investment Banking
- Real Estate Investments and Finance

Finance majors may choose to pursue the following tracks: Finance Analytics, Real Estate, Wealth Management, International Trading, Banking, or Sustainable Finance.

### BBM (Private Banking) SkillsFuture Work-Study Degree

Undergo an 8-month internship with DBS and gain practical skill sets and competencies for the private banking industry.

For more information: [https://smu.sg/BBM\\_WSD](https://smu.sg/BBM_WSD)

### INNOVATION & ENTREPRENEURSHIP

- 2 Compulsory Courses
  - Entrepreneurship and Business Creation
  - Corporate Entrepreneurship and Innovation OR Leading New Ventures to Growth
- 4 Innovation & Entrepreneurship electives, e.g.:
  - Management of Technology and Innovation
  - Entrepreneurship Practicum
  - Sustainable Entrepreneurship
  - Fraud Protection for Entrepreneurs
  - Design Thinking and Innovation

### MARKETING

- 2 Compulsory Courses
  - Consumer Behaviour
  - Marketing Research
- 4 Marketing electives, e.g.:
  - Advertising
  - Digital Marketing
  - Marketing Analytics
  - Strategic Brand Management
  - Integrated Marketing Communications: A Brand Perspective

Marketing majors may further choose to pursue a track: Marketing Analytics.

### OPERATIONS MANAGEMENT

- 2 Compulsory Courses
  - Service Processes
  - Supply Chain Management
- 4 Operations Management electives, e.g.:
  - Sustainable Operations
  - Managing Process Improvement
  - Supply Chain Analytics
  - Service and Operations Analytics
  - Operations and Supply Chain Management in Healthcare

Operations Management majors may further choose to pursue the following tracks: Operations Analytics or Maritime Business & Operations.

### ORGANISATIONAL BEHAVIOUR & HUMAN RESOURCES

- 1 Compulsory Course
  - Human Capital Management
- 5 Organisational Behaviour & Human Resources electives, e.g.:
  - Negotiating in Management and Business
  - Talent Acquisition and Assessment
  - The Psychology of Managerial Decision Making
  - Compensation
  - Power and Politics in Organisations

### QUANTITATIVE FINANCE

- 3 Compulsory Courses
  - Quantitative Finance
  - Investment Statistics
  - Computing Technology for Finance
- 3 Quantitative Finance electives, e.g.:
  - Machine Learning in Quantitative Finance
  - Linear Algebra and Numerical Methods
  - Quantitative Trading Strategies
  - Stochastic Finance
  - Reinforcement Learning in Portfolio Optimisation

### BBM QF-MQF Fast-Track Programme

This integrated programme provides an avenue for high-potential BBM students to accelerate their studies towards a master’s degree. You can benefit from a holistic education by combining a broad-based undergraduate education with a highly specialised and technical postgraduate education. Students can graduate with both degrees in four years.

For more information: [https://smu.sg/QF\\_fast-track](https://smu.sg/QF_fast-track)

### STRATEGIC MANAGEMENT

- 1 Compulsory Course
  - Introduction to Organisations
- 2 Strategic Management electives from the following:
  - Corporate Strategy
  - International Business
  - Management of Technology and Innovation
  - Managing Strategic Change and Digital Transformation
- 3 other Strategic Management electives, e.g.:
  - Management Consulting Work-Study Elective
  - Corporate Entrepreneurship and Innovation
  - Leadership Seminar with CEOs
  - Strategic Risks and Opportunities Management
  - Sustainability Management and Governance

### DIGITAL BUSINESS (only as second major)

- 3 Compulsory Courses
  - Managing Strategic Change and Digital Transformation
  - Computational Thinking and Programming/ Programming Fundamentals I
  - Digital Business: Technologies and Transformation
- 2 Digital Business electives, e.g.:
  - Doing Business with Artificial Intelligence
  - Financial Innovation, Blockchains, and Decentralised Finance
  - Digital Marketing
  - User Experience and Digital Product Design
  - Digital Media, Entertainment and E-commerce Ecosystem
- 1 other non-LKCSB Digital Business elective, e.g.:
  - Business Process Analysis and Solutioning
  - Interaction Design and Prototyping
  - Sustainable Digital Cities
  - Digital Transformation Strategy
  - Analytics Foundations

### SUSTAINABILITY MANAGEMENT (only as second major)

- 2 Compulsory Courses
  - Sustainability Management and Governance
  - SMU-X Sustainability Project: Sustainable Entrepreneurship Practicum OR Corporate Sustainable Product and System Design
- 2 Sustainability Management electives, e.g.:
  - Sustainable Finance
  - Sustainable Operations
  - Sustainable Marketing
  - Sustainable Entrepreneurship
  - Organisational Aspects of Sustainable Innovation
- 2 other non-LKCSB Sustainability Management electives, e.g.:
  - Climate Change: Global and Local Solutions
  - Technological Innovations Enhancing Urban Sustainability
  - Sustainable Cities
  - Economic Development in Asia
  - Sustainable Ocean Law and Governance

## FREE ELECTIVES (7 CUs)

## SCHOOL OF COMPUTING AND INFORMATION SYSTEMS CREATING MY DIGITAL FUTURE

### 5 REASONS TO JOIN THE SCHOOL OF COMPUTING AND INFORMATION SYSTEMS

#### HIGH GRADUATE EMPLOYABILITY

Over 92% overall employment rate for both Information Systems and Computer Science graduates.

Source: Graduate Employment Survey 2023

#### WORLD-CLASS COMPUTER SCIENTISTS & INDUSTRY PRACTITIONERS

Work with faculty on their innovative research, and learn from professionals with diverse experience.

#### FLEXIBLE LEARNING PATHWAYS

Broaden and deepen your knowledge by combining majors based on your interests and strengths. Fast track to complete your bachelors and masters degree within 4.5 years.

#### EXPERIENTIAL LEARNING & GLOBAL EXPOSURE

Apply concepts to real-world projects and be industry-ready. Gain valuable knowledge through overseas immersion programmes.

#### HIGHLY COLLABORATIVE CULTURE

Interact with professors in seminar-style classes and engage with peers in group activities.

#### DEGREES OFFERED

→ Bachelor of Science in Information Systems

→ Bachelor of Science in Computer Science

→ Bachelor of Science in Computing & Law

→ Bachelor of Science in Software Engineering

THE SCIS CURRICULUM EMPHASISES THE INTEGRATION OF REAL-WORLD EXPERIENCE IN MULTIPLE WAYS SUCH AS TECHNOPRENEURSHIP STUDY MISSION (TSM), THROUGH COURSES THAT BRING IN CASE STUDIES AND REAL-WORLD PROJECTS FROM INDUSTRY PARTNERS, THAT HAVE WORK STUDY ELEMENTS IN THEM, ENSURING THAT STUDENTS ARE WELL-PREPARED FOR THE INDUSTRY.

“Students are offered an opportunity to embark on a week-long TSM that aims to acquaint students with the entrepreneurial and innovative landscape of the city visited. For students aspiring to become entrepreneurs, this mission offers valuable opportunities to engage with founders, trailblazers, innovators, and creators, allowing them to seek advice and guidance for their own ventures. They get to witness and experience the ecosystem that supports product development.”

Benjamin Gan  
Associate Professor of Information Systems (Education)

# BACHELOR OF SCIENCE (COMPUTER SCIENCE) CURRICULUM

## CORE CURRICULUM (6 CUs)

The SMU Core Curriculum is a holistic programme that initiates undergraduates into a journey toward intellectual dynamism and self-actualisation. It is based on the following three pillars:

### CAPABILITIES (2 CUs)

The Capabilities pillar equips students with 21st century skills necessary to thrive in an increasingly digitised and data-driven working environment. Students to complete the following:

- Numeracy (1 CU): Calculus
- Internship (1 CU)

### COMMUNITIES (2 CUs)

The Communities pillar trains students to understand the economic, technological, and cultural systems that shape our interactions with our communities. Students to complete the following:

- Economics & Society or Technology, Science and Society or Cultures of Modern World (1 CU from basket of courses)
- Community Service (1 CU)

### CIVILISATIONS (2 CUs)

The Civilisations pillar immerses students in the fundamental debates that cut across time and space, preparing them to engage in critical dialogue between multiple and competing traditions of thought and problem-solving. Students to complete the following:

- Ethics and Social Responsibility (1 CU)
- Big Questions (1 CU)
- Global Exposure (Non-credit bearing)

*Additional Graduation Requirements - Digital Technology/Data Analytics (D/D), Sustainability, and Singapore and Asia Studies*

*Students can meet each graduation requirement by enrolling in specific courses, or, in select Schools, through programme or major core courses where the relevant content has already been integrated to meet the graduation requirement.*

## COMPUTER SCIENCE MAJOR CORE (17 CUs)

**The Computer Science degree equips students with technical skills to build computing products and solutions to thrive in the marketplaces and society. This requires an understanding of the interplay between computing theory and practice and the essential links between them, as well as fundamental business innovation, IT solution development and management skills.**

### Courses that focus on Software Development (3 CUs):

- Programming Fundamentals I
- Programming Fundamentals II
- Collaborative Software Development

### Courses that focus on Discrete Structures & Algorithms (5 CUs):

- Linear Algebra for Computing Applications
- Statistical Thinking for Data Science
- Mathematical Foundations of Computing
- Data Structures and Algorithms
- Design and Analysis of Algorithms

### Courses that focus on Computer Systems & Architecture (3 CUs):

- Operating Systems
- Computer Networks
- Computer Architecture

### Courses that focus on Solution Management (3 CUs):

- Software Product Management
- IT Solution Architecture
- IT Lifecycle Management

### Courses that focus on Information Management (2 CUs):

- Data Management
- Interaction Design and Prototyping

## COMPUTER SCIENCE MAJOR ELECTIVES (7 CUs)

All Computer Science students will select at least one of the three specialisations or tracks in Artificial Intelligence, Cybersecurity, and/or Software Systems.

### Computer Science Track Courses (4 CUs)

Choose from a range of courses of selected CS track such as:

#### Artificial Intelligence Track

- Introduction to Artificial Intelligence (compulsory)
- Agent-based Modeling & Simulation
- Heuristic Search & Optimization
- Generative AI for Vision
- Generative AI for Natural Language Communication
- Principles of Machine Learning
- Reasoning, Planning and Learning under Uncertainty

#### Cybersecurity Track

- Foundations of Cybersecurity (compulsory)
- Cyber Threat Intelligence
- Data Security & Privacy
- Network Security
- Software & Systems Security
- Strategic Cybersecurity Management

#### Software Systems Track

- Full-Stack Development (compulsory)
- Choose any 3 Electives:
- Advanced Database Systems
- Computer Graphics and Virtual Reality
- Mobile and Pervasive Computing and Applications
- Parallel and Distributed Programming
- Sensors and Sensing
- Software & Systems Security

#### Computer Science Electives (3 CUs)

Choose from a range of courses such as:

- Big Data Architecture
- AI Governance
- Social Analytics & Applications
- Text Mining & Language Processing
- Web Application Development
- Guided Research in Computer Science
- Guided Research in Computer Science II
- Guided Advanced Research in Computer Science
- Computer Science Work-Study Elective (2CUs)
- and etc...

## FREE ELECTIVES (6 CUs)

Students may take courses from SCIS or any of SMU's other schools to fulfil the Free Electives requirement.

### SECOND MAJORS

Computer Science students may choose a second major offered by SCIS or by the other schools at SMU. SCIS offers the following second majors to Computer Science students:

- IT Solution Management
- Technology for Business Solutions with a track in Business Analytics, Product Development, Financial Technology or Smart-City Management and Technology

“SMU's focus on team-based projects greatly helped me to hone essential soft skills, such as being a confident speaker and good team player. SMU's experiential style of learning, which includes working with external clients through the SMU-X programme, also gave me exposure to several technologies that are widely used in industry. When I began working in previous internships and my current full-time role, I found that this prior exposure gave me an invaluable head-start on adapting to working life.”

Students can meet each graduation requirement by enrolling in specific courses, or, in select Schools, through programme or major core courses where the relevant content has already been integrated to meet the graduation requirement.

## SOFTWARE ENGINEERING MAJOR CORE (12 CUs)

The BSc (Software Engineering) Degree combines classroom-learning with structured on-the-job training that equips students with technical, teamwork and communication skills that are essential to work productively in software engineering roles.

### Courses that focus on Software Development (6 CUs):

- Algorithms & Programming
- Programming Fundamentals II
- Web Application Development I
- Web Application Development II
- Collaborative Software Development
- Advanced Programming & Design

### Courses that focus on Computing Foundations (3 CUs):

- Operating Systems & Networking
- Data Management
- Foundations of Cybersecurity

### Courses that focus on Solution Management (3 CUs):

- Enterprise Solution Management
- Enterprise Solution Development
- IT Solution Architecture

## SOFTWARE ENGINEERING 52-WEEK APPRENTICESHIP (6 CUs)

All Software Engineering students must complete a 52-week apprenticeship where they work under the mentorship of professional software engineers and get familiarised with current trends and best practices in software engineering.

Here are 3 possible scenarios for a typical Software Engineering student:

### SCENARIO 1

Year 1			Year 2			Year 3			Year 4	
Term 1	Term 2	Term 3	Term 1	Term 2	Term 3	Term 1	Term 2	Term 3	Term 1	Term 2
15	6	15	16	15	6	15	16	15	37	15
									6	15

### SCENARIO 2

Year 1			Year 2			Year 3			Year 4	
Term 1	Term 2	Term 3	Term 1	Term 2	Term 3	Term 1	Term 2	Term 3	Term 1	Term 2
15	6	15	16	15	6	15	16	15	26	26
									6	15

### SCENARIO 3

Year 1			Year 2			Year 3			Year 4	
Term 1	Term 2	Term 3	Term 1	Term 2	Term 3	Term 1	Term 2	Term 3	Term 1	Term 2
15	6	15	16	15	6	15	16	15	6	15
										52

Legend: #Weeks Study #Weeks Vacation #Weeks Apprenticeship

Note: Students can only embark on the apprenticeship after completing the 12 Software Engineering major core units.

## FREE ELECTIVES (6 CUs)

Students may take courses from SCIS or any of SMU's other schools to fulfil the Free Electives requirement.

### SECOND MAJORS

Software Engineering students may choose a second major offered by SCIS or by the other schools at SMU. SCIS offers the following second majors to Software Engineering students:

- Technology for Business Solutions with a track in Business Analytics, Product Development, Financial Technology or Smart-City Management and Technology
- Computing Studies with a track in Artificial Intelligence, Cybersecurity or Software Systems
- IT Solution Management

“NCS is excited to be one of the lead industry partners for the inaugural SCIS BSc (Software Engineering) Degree. A career in IT is about solving problems and not just coding. So, Software Engineers who can bring together strong technical abilities with real-life industry and creative problem experience will be much valued. NCS's industry experts will co-develop and co-teach the curriculum. NCS Dojo, our learning organization, will provide mentor-apprentice learning opportunities and rich on-the-job experiences when students spend their apprenticeships with us.”

[WWW](#)

## BACHELOR OF SCIENCE (ECONOMICS) / BSC (ECONS) SHAPE HOW I UNDERSTAND THE WORLD

### 5 REASONS TO JOIN THE SCHOOL OF ECONOMICS

#### BROAD-BASED FLEXIBILITY

Have greater flexibility in career choices with our double major/ double degree options.

#### QUANTITATIVE KNOWLEDGE TO SOLVE REAL-LIFE PROBLEMS

Equip yourself with data and sound logical thinking to tackle real-world problems.

#### MARKET-READY CURRICULUM

Receive in-depth content to prepare for the fast-changing demands of today's industries.

#### IMPRESSIVE CAREER PLACEMENTS

Over 90% of graduates secure jobs in banking and finance, consulting, communications and more within 6 months of graduation.

#### GLOBAL EXPOSURE

Broaden your worldview by spending a semester abroad at one of our 220+ partner universities across the world.

**WITHIN THE ECONOMICS MAJOR, STUDENTS ARE GIVEN THE OPPORTUNITY TO SPECIALISE ALONG VARIOUS TRACKS:**

→ Real Estate Track

→ Quantitative Economics Track

“SMU students have a strong desire to apply what they have learnt in class to real-world problems and they are courageous in taking up challenges. It is very rewarding to see how far our students go beyond what they are taught.”

Associate Professor Xue Jingyi  
Associate Dean (Postgraduate Professional Programme)

“I specifically chose SMU because the Economics degree offered is a Bachelor of Science degree. This allows me to learn about the qualitative as well as quantitative aspects of Economics here at SMU.”

Dharshayini D/O Ramesh  
Year 4 student, School of Economics  
Major: Economics (Real Estate)

**THE SMU SCHOOL OF ECONOMICS IS A LEADING RESEARCH SCHOOL IN ASIA. OUR FACULTY IS RECOGNISED INTERNATIONALLY FOR THEIR CONTRIBUTIONS IN ECONOMIC RESEARCH.**

Our Bachelor of Science (Economics) (BSc (Econ)) programme offers a rigorous curriculum that trains you to look at real-world issues and understand them. You will develop a solid foundation in economics principles, an understanding of global developments and a range of analytical and problem-solving skills. As if that was not empowering enough, design your own combination of courses and pursue specialised tracks by choosing from our range of electives unique to our undergraduate programme!

## CORE CURRICULUM (12 CUs)

The SMU Core Curriculum is a holistic programme that initiates undergraduates into a journey toward intellectual dynamism and self-actualisation. It is based on the following three pillars:

### CAPABILITIES (6 CUs)

The Capabilities pillar equips students with 21st century skills necessary to thrive in an increasingly digitised and data-driven working environment.

#### Numeracy (1 CU)

Choose one from:

- Calculus
- Introductory Statistics
- Introduction to Statistical Theory

#### Modes of Thinking (1 CU)

Choose one from:

- Critical Thinking in the Real World
- Computational Thinking
- Managing in a Volatile, Uncertain, Complex and Ambiguous (VUCA) Context

#### Managing (2 CUs)

Choose two courses from a range of courses such as:

- Modeling & Data Analytics
- Management Communication
- Working and Managing in a Digital World
- Business, Government and Society

- Collaborative Governance
- Leadership and Team Building

#### Writing and Reasoning (1 CU)

#### Internship (1 CU)

### COMMUNITIES (4 CUs)

The Communities pillar trains students to understand the economic, technological and cultural systems that shape our interactions with our communities.

#### Economics and Society (1 CU)

#### Technology and Society (1 CU)

Choose one from a range of courses such as:

- Digital Cultures
- Science, Environment and Empire
- Climate, History and Society
- AI and Humanity
- Technological Solutions to Urban Challenges
- Climate Change: Global and Local Solutions
- Biotechnology in a Global Society

#### Cultures of the Modern World (1 CU)

Choose one from a range of courses such as:

- Urban Cultures
- Finding Home in a Globalised World
- Singapore: Imagining the Next 50 Years
- Politics of South-East Asia
- Scratches on their Minds: Images of Asia in Hollywood
- Sustainable Cities
- Foreign Languages

#### Community Service (1 CU)

### CIVILISATIONS (2 CUs)

The Civilisations pillar immerses students in the fundamental debates that cut across time and space, preparing them to engage in critical dialogue between multiple and competing traditions of thought and problem-solving.

#### Ethics and Social Responsibility (1 CU)

#### Big Questions (1 CU)

#### Global Exposure (Non-credit Bearing)

#### Additional Graduation Requirements - Digital Technology/Data Analytics (D/D), Sustainability, and Singapore and Asia Studies

Students can meet each graduation requirement by enrolling in specific courses, or, in select Schools, through programme or major core courses where the relevant content has already been integrated to meet the graduation requirement.

Course offerings may differ in each semester / academic year.

## ECONOMICS CORE (9 - 10 CUs)

The Economics Core lays a broad foundation for the study of economics.

#### Compulsory courses to complete are:

- Introduction to Statistical Theory
- Mathematics for Economics
- Microeconomics 1
- Microeconomics 2
- Macroeconomics 1
- Macroeconomics 2
- Introduction to Econometrics
- Economic Development in Asia
- International Economics OR International Trade AND International Macroeconomics

## ECONOMICS ELECTIVES (5-6 CUs)

Economics Electives provide students with specialised knowledge in various fields of economics. A total of 6 courses must be completed if students read International Economics, or 5 courses if they read International Trade and International Macroeconomics.

The set of Economics Electives is a rich menu of courses offering a wide range of topics to choose from. Some examples are:

- Advanced Macroeconomics
- Advanced Microeconomics
- Data Analytics with R
- Development Economics
- Economic Forecasting
- Economics of Ageing
- Family and the Society: Economic Theories and Practices
- Game Theory
- Health Economics
- Healthcare Management
- Industrial Organisation
- Intermediate Econometrics
- Introductory Data Analytics in Healthcare
- Labour Economics
- Macroeconomics of Income Distribution
- Political Economy of Globalisation
- Public Sector Economics
- Real Estate Economics
- Statistical Inference for Data Science
- Statistical Learning with R
- Strategic Thinking
- Urban Economics and Policy

## FREE ELECTIVES (9 CUs)

A total of 9 courses must be completed in this category. Students may choose courses from among Economics Electives or Free Electives offered by all 7 Schools for which they satisfy the prerequisites.

## SECOND MAJORS OFFERED BY SCHOOL OF ECONOMICS

- Actuarial Science
- Data Science and Analytics
- Health Economics and Management

“THE SCHOOL OF ECONOMICS’ FLEXIBLE AND COMPREHENSIVE CURRICULUM PREPARED ME FOR A WORLD OF OPPORTUNITIES. I HAD THE OPTION TO CHOOSE ELECTIVES THAT I’M PASSIONATE ABOUT AND THE SMALLER CLASS SIZES ENABLED ME TO DEVELOP LIFELONG RELATIONSHIPS WITH MY PROFESSORS. I WAS ALSO FORTUNATE ENOUGH TO PURSUE AN EXCHANGE PROGRAMME WITH THE WHARTON SCHOOL, WHICH FURTHER BROADENED MY HORIZONS.”

Bhumika Sharma

## REDEFINE THE POSSIBILITIES AHEAD

### 5 REASONS TO JOIN THE COLLEGE OF INTEGRATIVE STUDIES

FIRST and ONLY Individualised Major in Singapore!

#### INTER-DISCIPLINARY & INTEGRATIVE LEARNING

Learn to inter-weave and synthesise knowledge across multiple domains.

#### DESIGN YOUR INDIVIDUALISED MAJOR

Chart and create your own unique learning path that is aligned with your aspirations, creativity and talents.

#### ONE-TO-ONE FACULTY ADVISOR AND INDUSTRY MENTOR

Curate a robust study plan with the support of world-class scholars and practitioners and benefit from personalised guidance by your Industry Mentor\*.

#### HIGH SCHOLARSHIP RATIO

1 in 2 students expected to receive a scholarship or study award.

#### STRONG CAREER PROSPECTS

Gain a competitive edge in the rapidly changing job market. Set yourself apart with a unique programme of study that addresses a modern industry challenge.

\* Students on the Professional Track will be assigned an Industry Mentor in addition to a Faculty Advisor.

### PROGRAMMES

#### DEFERRED DECLARATION OF DEGREE (D3)

A one-year introduction to the different degree programmes that SMU has to offer. Students enjoy the flexibility to explore their interests and engage in self-directed learning, enabling an informed decision on the destination degree programme. On admission, students can reserve seats in up to 2 degree programmes across SMU schools, including the Bachelor of Integrative Studies (BIS). Towards the end of the D3 year, students will make an informed decision as to:

Embarking on the Bachelor of Integrative Studies (BIS) and designing their Individualised Major in consultation with faculty

OR

Activating their reserved seat at another SMU School, as indicated at admission

#### BACHELOR OF INTEGRATIVE STUDIES (INDIVIDUALISED MAJOR)

The Bachelor of Integrative Studies (Individualised Major) is a 4-year meritorious honours programme, including the first year on the Deferred Declaration of Degree programme. Every student on the programme pursues an Individualised Major which addresses a real-world topic that is aligned with the student's area of interest. Each student is paired with a faculty advisor who will provide guidance across the duration of the programme. Students will also benefit from the tutelage of industry mentors.

EXAMPLES OF INDIVIDUALISED MAJORS OUR STUDENTS HAVE DESIGNED:

- Sustainable Ageing
- Artificial and Human Intelligence
- Human-Centred Futures Design
- Urban Development Governance
- Philanthropic Management
- Environmental Diplomacy

- Climate, History and Society
- AI and Humanity
- Technological Solutions to Urban Challenges
- Digital Law and Technological Innovations
- Biotechnology in a Global Society

#### Cultures of the Modern World (1 CU)

Choose one from a range of courses such as:

- Urban Cultures
- Finding Home in a Globalised World
- Singapore: Imagining the Next 50 Years
- Politics of Southeast Asia
- Scratches on their Minds: Images of Asia in Hollywood
- Sustainable Cities
- Foreign Languages

#### Community Service (1 CU)

## CIVILISATIONS (2 CUs)

The Civilisations pillar immerses students in the fundamental debates that cut across time and space, preparing them to engage in critical dialogue between multiple and competing traditions of thought and problem-solving.

#### Ethics and Social / Corporate Responsibility (1 CU)

#### Big Questions (1 CU)

#### Global Exposure (Non-credit Bearing)

## INTEGRATIVE STUDIES CORE AND ELECTIVES (16 CUs)

Students can opt to pursue the Professional Track or the Research Track:

### (A) PROFESSIONAL TRACK

- **Emphasis on workplace readiness and industry experiential learning**
- **High exposure to industry and societal problems, enabling students to better bridge the gap between their university studies and future employment**

### INTEGRATIVE STUDIES CORE (4 CUs)

- Methods Across Majors: An Inter-disciplinary Introduction to Research
- Exploring Inter-disciplinary Horizons: An Introduction to Integrative Studies
- Two courses from the "Challenges" basket: Modern Challenges; Innovations in Asia's Smart Cities; and Climate Change: Past, Present, and Future

### INDUSTRY EXPERIENTIAL LEARNING (2 CUs)

- SMU-X (including SMU-XO)
- Work-Study Elective(s)

### COURSEWORK ELECTIVES (8 to 9 CUs)

CIS students may select courses relevant to their self-defined major, including courses from exchange programmes

### CAPSTONE PROJECT (1 to 2 CUs)

Inquiry into an industry or societal problem.

### (B) RESEARCH TRACK

- Deep academic inquiry
- Suitable for students with an interest in a policy, research or academic-oriented career

### INTEGRATIVE STUDIES CORE (4 CUs)

- Methods Across Majors: An Inter-disciplinary Introduction to Research
- Exploring Inter-disciplinary Horizons: An Introduction to Integrative Studies
- Two courses from the "Challenges" basket: Modern Challenges; Innovations in Asia's Smart Cities; and Climate Change: Past, Present, and Future

### SMU-X (1 CU)

### COURSEWORK ELECTIVES (9 CUs)

CIS students may select courses relevant to their self-defined major, including courses from exchange programmes

### SENIOR THESIS (2 CUs)

Academic inquiry into a topic of interest.

## OTHER GRADUATION REQUIREMENTS (8 CUs)

### FREE ELECTIVES (8 CUS)

Students may take courses from any of SMU's schools to fulfil the Free Electives requirement.

*Additional Graduation Requirements - Digital Technology/Data Analytics (D/D), Sustainability, and Singapore and Asia Studies*  
Students can meet each graduation requirement by enrolling in specific courses, or, in select Schools, through programme or major core courses where the relevant content has already been integrated to meet the graduation requirement.

*Upon completion of the programme, students will graduate with a Bachelor of Integrative Studies from SMU, and their academic transcript will reflect the specific name of their Individualised Major.*

## INDIVIDUALISED SECOND MAJOR

Students from other Schools in their first and second years of study have the option of designing an unconventional major that supplements their primary degree programme.

As with the Individualised Major, students who pursue an Individualised Second Major can choose between the Professional Track and Research Track and will be assigned a Faculty Advisor and an Industry Mentor\*.

\*Students on the Professional Track will be assigned an Industry Mentor in addition to the Faculty Advisor.

## REQUIREMENTS

### PROFESSIONAL TRACK

Coursework Electives (6 CUs or 7 CUs)

Capstone Project (1 CU or 2 CUs)

### RESEARCH TRACK

Coursework Electives (6 CUs)

Senior Thesis (2 CUs)

**"I chose CIS because it gives me both flexibility and personalised support in planning my own education. I've been self-studying topics in computational psychology, but now I get to do that here in school with an incredibly tight-knit community of passionate students and staff."**

Goh Ray Wehn,  
Year 1 Student, College of Integrative Studies  
SMU Global Impact Scholar

## YOUR JOURNEY AT SMU CIS!

### YEAR 1 DEFERRED DECLARATION OF DEGREE (D3)

- Reserve a seat in up to 2 degree programmes
- Explore courses before deciding on destination degree programme
- Consultations with faculty advisors and in-house industry mentors
- Exclusive small group interactions and fireside chats with industry and thought leaders
- Dream Big workshop to co-craft majors with CIS professors
- Think Big workshop: special engagement event with esteemed industry leaders

### YEAR 2 BACHELOR OF INTEGRATIVE STUDIES (BIS) COMMENCES

- One-to-one faculty advising and mentorship
- Explore courses before deciding on destination degree programme
- Participate in research project with the global Reach Alliance consortium
- Present ideas at BIS Symposium and receive feedback from experts and industry partners

### ALTERNATIVE PATHWAY ACTIVATING RESERVED SEAT AT ANOTHER SMU SCHOOL, AS INDICATED AT ADMISSION.

### YEAR 3 ENHANCING THE BIS EXPERIENCE

- Explore unique CIS-exclusive global exchange experiences
- Internships and other industry attachments at partner organisations

### YEAR 4 CAPSTONE PROJECT/ SENIOR THESIS

- BIS Colloquium
- One-to-one mentorship from industry leaders

### GRADUATION!

## BACHELOR OF LAWS / LL.B. RAISING THE BAR WITH A HEART FOR SERVICE

### 5 REASONS TO JOIN THE YONG PUNG HOW SCHOOL OF LAW

#### FORWARD-LOOKING EDUCATION

Acquire the holistic knowledge and skills you need for modern legal practice, business, service to society, and more.

#### EXPERT FACULTY

Receive a wealth of practical experience from our highly qualified and accomplished faculty.

#### GLOBAL EXPERIENCE

See how law works across borders through exchange programmes, law study missions, or international moot competitions.

#### VIBRANT STUDENT LIFE

See law come alive with courts, Parliament, and the CBD right at the campus doorstep.

#### PROMISING CAREER PATHWAYS

Our students secure jobs with higher average starting salaries soon after graduation, with many being recruited by top law firms and government agencies.

#### DOUBLE THE SKILLS IN LESS THAN DOUBLE THE TIME!

4-year full-time Bachelor of Laws (LL.B.)

OR

#### 5-year double degree programme

Bachelor of Laws (LL.B.) + Any non-law SMU programme (Accountancy/Business/Economics/Information Systems/Social Sciences)

“My SMU Law journey has been one of profound enrichment - a huge source of inspiration having been the seminar-style pedagogy and experiential learning opportunities. I have been a huge beneficiary of SMU’s Ian R. Taylor International Moots Programme, which stretched my limits and allowed me to hone my craft as an aspiring advocate. The programme also enabled me to travel to different parts of the world including Tokyo and Milan and meet like-minded students from other universities. Beyond moots, I also enjoyed my time in unique intern/externships such as the Criminal Legal Aid Scheme and the SAL Litigation Internship Programme.”

Genieve Wu, Final Year LLB Student

THE BACHELOR OF LAWS (LL.B.) PROGRAMME’S BROAD-BASED, INTERACTIVE PEDAGOGY, ENDORSED BY THE MINISTRY OF LAW AND THE SINGAPORE INSTITUTE OF LEGAL EDUCATION, STRIVES TO MOULD STUDENTS INTO OUTSTANDING LAWYERS. WE WANT TO ENHANCE YOUR LEGAL EXPERTISE BY ENABLING YOU TO THINK ACROSS DISCIPLINES AND SOLVE PROBLEMS IN A MORE HOLISTIC WAY.

Judges, legal officers and legal practitioners from law firms, corporations and other organisations are often invited to participate in seminars or give guest lectures. This is an invaluable component in our students’ Law education that gives them first-hand industry knowledge and the opportunity to interact and learn from eminent members of the profession.

- Legal Theory & Philosophy
- The Singapore Legal System (0.5CU)

## LAW MAJOR ELECTIVES (9 CUs)

Broaden or deepen your knowledge, whether about the law of Singapore or beyond.

### Private Law & Commercial Practice

- Commercial Remedies in Litigation
- Comparative Corporate Governance
- Comparative Secured Transactions Law
- Principles of the Law of Restitution

### Dispute Resolution

- International Commercial Arbitration\*
- International Mediation Law & Practice (SMU-X)^
- International Moots 1 (SMU-X)\*\*^
- International Moots 2 (SMU-X)\*\*^
- Pre-trial Practice in Civil Litigation
- Professional Mediation Skills (SMU-X)^
- State Courts Clerkship Programme^
- The Singapore International Arbitration Centre & Institutional Arbitration: Law & Practice (SMU-X)^

### Global Experience & Experiential Learning

- Overseas Project Experience (Law in Asia) (SMU-XO)\*\*^

### Intellectual Property

- International Commercialisation of Intellectual Property\*
- Intellectual Assets & the Law in Asian Economies
- Intellectual Property Law
- Intellectual Property Law & Competition Law at Interplay

### Law Across Borders

- EU-ASEAN Law & Relations
- International Law in Practice
- Introduction to Chinese History, Culture, Economy, Politics & Law\*\*
- Law of International Trade
- Maritime & Admiralty Law in International Commerce
- World Trade Organisation: Law & Policy

### Law & Business

- Banking & Finance in Legal Practice
- Corporate Insolvency Law
- Employment Law & Regulations in Singapore
- Entrepreneurship in Singapore - From Cradle to Grave
- Singapore Competition Policy & Law

### Law & Technology

- Computational Thinking, Computational Law & Legal Technology#
- Digital Media Law & Governance
- FinTech: Law & Policy#
- Introduction to Large Language Models, GPT & Legal Technology
- IT & the Law
- Law & Technology
- Legal Technology, Operations & Digital Justice
- Privacy & Data Protection Law
- The Death of Law

### Beyond the Law

- Advanced Legal Writing: Student Publishing (SMU-X)^

### Public Law, Public Interest & Regulation

- Constitutions, Cultures & Context (SMU-X)^
- Family Law
- Law of Insurance
- Medical Law & Health Policy
- Medicine & the Law

### Sustainability

- Governing for Sustainable Futures
- Introduction to Sustainability Law
- Sustainability Law in Business Practice
- Sustainable Ocean Law & Governance\*

## LAW CAPSTONE (1 CU)

Think beyond traditional boundaries, put together multiple areas of law, and solve practical problems.

- Corporate Deals (SMU-X)^
- Digital Innovation for Access to Justice (SMU-X)#
- Dispute Resolution Advocacy (SMU-X)^
- International Energy Disputes (SMU-X)^
- Law & Digital Commerce (SMU-X)^
- Law of Mergers & Acquisitions (SMU-X)^
- The Law & Finance of Corporate Transactions (SMU-X)^

## LAW-RELATED ELECTIVES (2 CUs)

Pick up non-legal knowledge and skills which we believe are vital for the modern lawyer to have.

- Business Data Management
- Computational Thinking & Programming
- Data Management
- Dealmaking & Dispute Resolution: Negotiation in an Age of Disruption
- Digital Intelligence for Lawyers
- Finance for Law
- Financial Accounting for Law
- Economics & Society
- Introduction to Political & Policy Studies
- Introduction to Psychology
- Introductory Statistics
- Law & Psychology
- Programming Fundamentals I
- Understanding Societies

\* denotes courses with an international and/or comparative focus

# denotes courses with an interdisciplinary focus

^ denotes courses with an experiential focus

(SMU-X) denotes courses with experiential elements

(SMU-XO) denotes experiential courses with an overseas component.

These electives are offered in the current academic year and may vary from year to year.

### Additional Graduation Requirements - Digital Technology/Data Analytics (D/D), Finance/Accounting, Sustainability, and Singapore and Asia Studies

Students can meet each graduation requirement by enrolling in specific courses, or, in select Schools, through programme or major core courses where the relevant content has already been integrated to meet the graduation requirement.

“My SMU education has served me very well in my legal career. The inclusion of modules such as Financial Accounting and Finance has helped me gain a deeper understanding of the commercial issues faced by my clients, and in turn this has made me a better lawyer for them. Also, the many opportunities to do presentations back in school have helped me gain confidence and be a better advocate for my clients’ causes.”

Darius Tay, Director, BlackOak LLC  
Bachelor of Laws (Magna Cum Laude)  
Class of 2011

On successful completion of the LL.B. programme, students will, depending on their overall performance, be awarded one of the following LL.B. degree awards: LL.B. (merit), LL.B. (high merit), LL.B. cum laude (with distinction), LL.B. magna cum laude (with high distinction) or LL.B. summa cum laude (with highest distinction).

Graduates must attain a cumulative GPA of at least 3.00 in the courses leading to the LL.B. degree in order to practise law in Singapore. Following the upcoming changes to the rules, graduates who pass Part B of the Bar Examinations will be eligible to be called to the Singapore Bar. In addition, those who wish to practise law will generally be required to complete practice training for a duration of 1 year.

LLB students have the opportunity to pursue a specialisation in Corporate Transactions, Law and Technology, or Dispute Resolution. These specialisation tracks allow interested students to gain deeper disciplinary knowledge, industry awareness and practical skills in these fields. Students who choose not to pursue a track can broaden or deepen their learning experience in a customised manner by choosing from our curated range of electives.

“AT THE SCHOOL OF SOCIAL SCIENCES, YOU WILL BE EQUIPPED WITH BROAD-BASED ACADEMIC KNOWLEDGE, ANALYTICAL AND PRACTICAL SKILLS ACQUIRED THROUGH REAL-LIFE APPLICATION, INDUSTRY COLLABORATIONS, INTERNSHIPS, AND COMMUNITY PROJECTS, EMPOWERING YOU TO THRIVE AND EXCEL IN A WIDE RANGE OF FUTURE CAREERS.”

Professor Kenneth Benoit  
Dean, School of Social Sciences

## BACHELOR OF SOCIAL SCIENCE / BSOCSC AN EDUCATIONAL JOURNEY BEYOND ACADEMICS

### 5 REASONS TO JOIN THE SCHOOL OF SOCIAL SCIENCES

#### INTERDISCIPLINARY APPROACH

Deepen your learning experience through an interdisciplinary approach.

#### MULTIPLE CAREER PATHWAYS

Acquire a broad repertoire of skills and critical understanding of social issues.

#### EXPERIENTIAL LEARNING

Gain experiential learning opportunities through interactions with civil society, government, and industry partners.

#### CLOSE STUDENT-FACULTY INTERACTION

Enjoy close student-faculty interaction of not more than 45 students in each class.

#### DISTINGUISHED AND DEVOTED SOSS FACULTY

Distinguished, specialised, and devoted SOSS faculty are dedicated to your learning.

#### 2ND MAJORS OFFERED BY THE SCHOOL OF SOCIAL SCIENCES

→ Global Asia (GA)

→ Public Policy and Public Management (PPPM)

→ Sustainable Societies (SSOC) **NEW**

“At SOSS, I have been able to gain rich and valuable insights into how the world works, and better appreciate how social institutions and complex mechanisms are interwoven with our own lives.”

Mario Teng, Year 3 Student, School of Social Sciences  
Majors: Sociology and Political Science

“SMU challenges you to be a critical thinker and creative problem-solver. Our vibrant urban campus life, with interactive seminars, global expertise, and both disciplinary and interdisciplinary perspectives, means SMU prepares you for the real world like no other university does!”

Steven Burik  
Associate Professor of Philosophy  
Associate Dean, Student Matters & Alumni Affairs

**ECONOMIC, SOCIAL AND POLITICAL ISSUES CAN NO LONGER BE UNDERSTOOD IN ISOLATION FROM ONE ANOTHER. THE SMU BACHELOR OF SOCIAL SCIENCE DEGREE PREPARES YOU TO UNDERSTAND THE COMPLEXITY OF CONTEMPORARY SOCIETIES AND TO BE THOUGHT LEADERS OF THE FUTURE.**

Society needs a new generation of Social Science graduates who are able to understand increasingly complex issues beyond their discipline, integrate them holistically and solve societal problems. With SMU's Bachelor of Social Science (BSocSc), that outstanding individual could be you.

# BACHELOR OF SOCIAL SCIENCE CURRICULUM

## CORE CURRICULUM (12 CUs)

The SMU Core Curriculum is a holistic programme that initiates undergraduates into a journey toward intellectual dynamism and self-actualisation. It is based on the following three pillars:

### CAPABILITIES (6 CUs)

The Capabilities pillar equips students with 21st century skills necessary to thrive in an increasingly digitised and data-driven working environment.

#### Numeracy (1 CU)\*

Introductory Statistics

\*Those who have been granted provisional enrolment into BSc (Econ) secondary degree should take Introduction to Statistical Theory to fulfil this requirement.

#### Modes of Thinking (1 CU)

Choose one from:

- Critical Thinking in the Real World
- Computational Thinking
- Managing in a Volatile, Uncertain, Complex and Ambiguous (VUCA) Context

#### Managing (2 CUs)

Choose two from a range of courses such as:

- Spreadsheet Modelling and Analytics
- Management Communication
- Working and Managing in a Digital World
- Business, Government and Society
- Collaborative Governance
- Leadership and Team Building

#### Writing and Reasoning (1 CU)

#### Internship (1 CU)

## COMMUNITIES (4 CUs)

The Communities pillar trains students to understand the economic, technological and cultural systems that shape our interactions with our communities.

## POLITICS, LAW AND ECONOMICS (PLE) CURRICULUM

### CORE CURRICULUM

12 Course Units

### PLE CORE COURSES

12 Course Units

### PLE ELECTIVES

5 Course Units

### FREE ELECTIVES

7 Course Units\*

### Economics and Society (1 CU)

### Technology and Society (1 CU)

Choose one from a range of courses such as:

- Digital Cultures
- Science, Environment and Empire
- Climate, History and Society
- AI and Humanity
- Technological Solutions to Urban Challenges
- Climate Change: Global and Local Solutions
- Biotechnology in a Global Society

### Cultures of the Modern World (1 CU)

Choose one from a range of courses such as:

- Urban Cultures
- Finding Home in a Globalised World
- Singapore: Imagining the Next 50 Years
- Politics of South-East Asia
- Scratches on their Minds: Images of Asia in Hollywood
- Sustainable Cities
- Foreign Languages

### Community Service (1 CU)

## CIVILISATIONS (2 CUs)

The Civilisations pillar immerses students in the fundamental debates that cut across time and space, preparing them to engage in critical dialogue between multiple and competing traditions of thought and problem-solving.

### Ethics and Social Responsibility (1 CU)

### Big Questions (1 CU)

### Global Exposure (Non-credit Bearing)

### Additional Graduation Requirements - Digital Technology/Data Analytics (D/D), Sustainability, and Singapore and Asia Studies

Students can meet each graduation requirement by enrolling in specific courses, or, in select Schools, through programme or major core courses where the relevant content has already been integrated to meet the graduation requirement.

For more information on the Core Curriculum, please visit <https://www.smu.edu.sg/programmes/core-curriculum>.

## PLE CORE COURSES (12 CUs)

The PLE Core Courses include:

- Business Law
- Governance Through Law in Singapore: Institutions, Jurisprudence, and Values\*
- Interdisciplinary Perspectives and Methods
- Introduction to Political and Policy Studies
- Legal Theory and Philosophy
- Macroeconomics 1
- Mathematics for Economics
- Microeconomics 1
- Political Theory
- Politics of Southeast Asia
- Social Science Practicum
- Strategic Thinking

\*Students intending to do a double degree in LL.B. or the SMU Juris Doctor (J.D.) programme should replace this course with LAW204 Constitutional & Administrative Law (1.5 CUs).

## PLE ELECTIVES (5 CUs)

Students are required to choose one of the following tracks by the end of Year 2 and read five CUs from the chosen track:

- Choice and Behaviour
- Distribution and Justice
- Global Studies
- Public Policy and Governance
- Sustainable Futures

## FREE ELECTIVES (7 CUs)

Students may take courses from the School of Social Sciences or any of SMU's other schools to fulfil the Free Electives requirement.

\*Students who have not met the criteria for exemption in Calculus based on their pre-university grades will be required to complete Introductory Statistics or Introduction to Statistical Theory under the Numeracy basket of the University Core-Capabilities pillar and Calculus as one of their Free Electives. As such, these students will have one fewer Free Elective course. All students who have been granted provisional enrolment into BSc (Econ) secondary degree will have to take Introduction to Statistical Theory instead of Introductory Statistics.

## PSYCHOLOGY, POLITICAL SCIENCE & SOCIOLOGY (PPS) CURRICULUM

### CORE CURRICULUM

12 Course Units

### FREE ELECTIVES

9 Course Units

### PPS CORE COURSES

6-7 Course Units

### PPS ELECTIVES

8-9 Course Units

## CORE CURRICULUM (12 CUs)

The SMU Core Curriculum is a menu of twelve carefully selected course units (CUs) to initiate undergraduates into their journey to become fully realised SMU graduates. It is based on the following three pillars:

### CAPABILITIES (6 CUs)

The Capabilities pillar aims to impart students with 21st century skills necessary to dexterously operate in an increasingly digitised and data-driven working environment.

- Managing
- Modes of Thinking
- Numeracy: Introductory Statistics\*
- Writing and Reasoning
- Internship

### COMMUNITIES (4 CUs)

The Communities pillar aims to help students understand the economic, technological, and cultural systems that structure our interactions with our communities.

- Economics and Society
- Technology and Society
- Cultures of the Modern World
- Community Service

### CIVILISATIONS (2 CUs)

The Civilisations pillar aims to immerse students in fundamental and perennial debates that cut across time and space, to a critical dialogue between multiple and competing traditions of thought and problem-solving. The pillar has three requirements:

- Ethics and Social Responsibility
- Big Questions
- Global Exposure

### Additional Graduation Requirements - Digital Technology/Data Analytics (D/D), Sustainability, and Singapore and Asia Studies

Students can meet each graduation requirement by enrolling in specific courses, or, in select Schools, through programme or major core courses where the relevant content has already been integrated to meet the graduation requirement.

\*All students who have been granted provisional enrolment into BSc (Econ) secondary degree will have to take Introduction to Statistical Theory instead of Introductory Statistics.

For more information on the Core Curriculum, please visit <https://www.smu.edu.sg/programmes/core-curriculum>.

## PPS CORE COURSES (6-7 CUs)

Students will specialise in one of the following three disciplines: Political Science, Psychology or Sociology and take the required core courses. You are required to declare a major by the end of the second year of study.

### Political Science Core

- Introduction to Political and Policy Studies
- Introduction to Psychology
- Southeast Asia Past and Present
- Social Science Practicum
- Understanding Societies
- Research Skills Course - (Choose one from the following)
  - Research Methods in Sociology and Political Science
  - Policy Design & Analysis
  - Mass Media and Public Opinion Research

### Psychology Core

- Introduction to Political and Policy Studies
- Introduction to Psychology
- Psychology Research Methods I
- Psychology Research Methods II
- Southeast Asia Past and Present
- Social Science Practicum
- Understanding Societies

### Sociology Core

- Introduction to Political and Policy Studies
- Introduction to Psychology
- Introduction to Sociological Theory
- Research Methods in Sociology and Political Science
- Southeast Asia Past and Present
- Social Science Practicum
- Understanding Societies

## PPS ELECTIVES (8-9 CUs)

Students majoring in Political Science will have to read 9 Political Science electives and students majoring in Psychology and Sociology will have to read 8 Psychology & Sociology electives respectively.

## FREE ELECTIVES (9 CUs)

Students may take courses from the School of Social Sciences or any of SMU's other schools to fulfil the Free Electives requirement.

“As many issues in the world are inter-disciplinary in nature, an inter-disciplinary course like PLE enabled me to appreciate how the world around me works. My time at SOSS has taught me to engage with and better appreciate the many aspects by which issues can be analysed. I have learnt to not take things at face value but rather to find out why things are being done in a certain way.”
