- Law
- Legal Studies (2nd major for non-Law students)

SMU OPEN HOUSE 2022

GET READY TO TAKE ON THE WORLD

19-20 FEB
+ WEEKDAY EVENING CHATS
FROM 21-24 FEB!
ADMISSIONS.SMU.EDU.SG/OPENHOUSE

TAKE CLASSES ON CAMPUS!

Get a taste of SMU's signature interactive seminar classes by sitting in on one - on campus*! Don't miss this chance to experience what makes SMU so special and different. Limited spaces available. Pre-register early!

FIND YOUR MAJOR

FIND YOUR FUTURE

Not sure which major(s) to choose? Our one-of-its-kind "Find Your Major" generator will help you explore your interests and find out which ones will make a good fit and the possible career pathways they offer.

*Subject to change, depending on prevailing Safe Management Measures (SMM). Please note that the on-campus experience is open to fully-vaccinated individuals on a pre-registration basis only.

INFO SESSIONS COME A-LIVE

Hear from our professors and students. Interact with your potential future classmates. All on Zoom. It's a lively and informal way to ask anything you want to know about the only transformational university programme in Singapore.

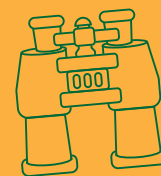

ASK-ME-ANYTHING

Chat with current students. Hear them talk about life in SMU - from global opportunities and internships to their favourite ways to chill on campus. Text chat, Zoom chat or in-person chat - it's up to you to choose!

VISIT OUR CAMPUS*

Come to our campus on Sunday 20 Feb to visit our physical booths, take a sample class and a campus tour! One day only, with limited slots available! By pre-registration only; no walk-ins.

TOP REASONS TO VISIT GET EXCITED SMU OPEN HOUSE 2022

ADMISSIONS UNPACKED

Get first-hand insights and advice through live virtual admissions sessions with our Director of Admissions. Attend a live Application Workshop for insider info about admissions requirements and tips on how to ace your admissions interview.

PRINSEP STREET RESIDENCES

EXPERIENCE PRINSEP STREET RESIDENCES

View our campus oasis, Prinsep Street Residences, through a virtual moodboard that will give you a glimpse of what it is like to live, learn, work and play in the heart of the city, just minutes from campus.

TOUR SINGAPORE'S ONLY CITY CAMPUS

Our student-led campus tours are legendary. Take your pick from a breezy open-top bus tour or an armchair virtual tour. Whichever way you choose, you'll get to take in our state-of-the-art facilities and the extraordinary SMU culture and spirit.

CONNECT WITH US

Drop in on our Open House any time to engage one-on-one with our admissions counsellors via text-based Live Chats. It's your chance to ask any questions you may have about SMU!

FIND YOURSELF, FIND FRIENDS

There's more to uni than studying. Pop by our city campus to experience the vibrant student life. Discover 150+ clubs and societies and exciting events that take place here.

WIN PRIZES!

Stand to win \$100 Grab vouchers when you play our exclusive Open House Kahoot! quiz about all things SMU. One quiz per day on 19 and 20 Feb - fastest fingers first!

GET IN-THE-KNOW

CLUE IN ON WHAT YOU'LL LEARN IN THE TALKS

UNDERGRADUATE ADMISSIONS

Hear from our admissions specialists and current students about the flexibility of the SMU curriculum, the distinctive features of our undergraduate programmes, the admissions requirements and application process, as well as the plethora of opportunities for SMU students to develop their skills both inside and outside of the classroom.

SCHOLARSHIPS

Join us for a talk on how SMU's scholarships prepare you to make a positive impact in society with strong career outcomes. Learn how you can strengthen your chances to be an SMU scholar, hear from an SMU scholar and explore the global opportunities of being an SMU scholar.

UNIVERSITY APPLICATION WORKSHOP

How do you best present who you are in a university application form? What do university admissions officers care about when they read your application? Get answers to these questions at this informative talk on how to put together a university application that best reflects who you are.

SMU-DUKE-NUS MEDICINE PATHWAY

The SMU-Duke-NUS Medicine Pathway develops future clinicians who will bring with them a solid understanding and appreciation of the operations of a hospital or healthcare eco-system. If you aspire to play a key leadership or management role within a hospital or healthcare system who can make decisions regarding complex operations and patient-centric processes, come find out more about this pathway during our Open House!

GLOBAL EXPOSURE AND OVERSEAS INTERNSHIPS

Going on an overseas internship is much more than just work experience. It also entails widening your perspective and embracing other cultures on a deeper level with an open mind and attitude. Join this talk and find out why in today's competitive job market, having global work experience under your belt can make a monumental contribution to your prospective career.

SCHOOL OF ACCOUNTANCY

Find out how the SMU School of Accountancy grooms the next generation of future-ready accounting professionals who think strategically, communicate effectively and are tech-savvy.

Our second majors Accounting Data and Analytics and Financial Forensics will provide accounting professionals of the future the competencies and skills to enter high-growth areas in the accounting sector. Accountants with the right data analytics skills are in strong demand to perform more complex duties, and are also at the forefront of the fight against financial crimes.

SCHOOL OF ECONOMICS

Find out more about how SMU's Economics programme provides the depth, academic rigour and experiential learning that will prepare you to be market-ready and future-ready.

Hear more about our Actuarial Science major, which will be your first step to the actuarial profession. Discover why companies are looking for professionals who can sift through the goldmine of data and how our Data Science and Analytics major equips you with knowledge to fit that criteria. Learn about our Health Economics and Management major that opens the door to meaningful career paths in the healthcare industry.

SCHOOL OF COMPUTING AND INFORMATION SYSTEMS

INFORMATION SYSTEMS

Find out how Information Systems Major equips students with software development skills to solve complex technical issues, analyze and design emerging technologies to formulate digital transformation efforts for enterprises and organizations.

SMART-CITY MANAGEMENT & TECHNOLOGY

Our Smart-City Management & Technology Major is an interdisciplinary programme that trains professionals in blending social computing, analytics, management, and technology to develop smart city solutions that address social, economic and sustainability issues.

COMPUTER SCIENCE

Our Computer Science degree emphasizes rigorous technical skills in employing scientific principles and computing technologies for IT solution development, as well as effective management skills in navigating complex software development and system deployment concerns.

COMPUTING & LAW**

Our Computing & Law degree equips professionals with both technological and legal skills to help organisations innovate quickly and responsibly in a fast-changing and increasingly digital world.

SOFTWARE ENGINEERING* **NEW!**

Find out how SMU's first Work-Study Degree combines classroom-learning with structured on-the-job training to prepare you for a professional career in software development and solution management. It features a rigorous 52-week apprenticeship where you get to work in development teams under the mentorship of professional software engineers.

*Pending MOE's approval for Aug 2022 launch

LEE KONG CHIAN SCHOOL OF BUSINESS

Find out why SMU's Bachelor of Business Management (BBM) is a much sought-after undergraduate programme in Singapore.

The broad-based curriculum, combined with industry-relevant majors, will sharpen your acumen as a transformative business leader. We also have a dynamic entrepreneurship ecosystem that supports new business ventures and innovation projects.

YONG PUNG HOW SCHOOL OF LAW

LAW

Discover how an SMU legal education will develop you into an articulate and confident legal practitioner with an acute sense of discernment and an ability to engage any area of law with ease.

COMPUTING & LAW**

Our Computing and Law degree equips professionals with both technological and legal skills to deliver new services and reimagine the way we create value in the digital economy.

** This is jointly offered by the Yong Pung How School of Law and School of Computing and Information Systems

SCHOOL OF SOCIAL SCIENCES

A broad-based curriculum centred on the disciplines of Psychology, Sociology and Political Science (PPS) equips students with a holistic mindset and the ability to think critically in the face of complexities. Come find out more about this integrated approach and how it will open up careers in human services fields, education, management and other analytical and social-intensive professions.

Have you also wondered why the Politics, Law and Economics (PLE) major is such a powerful combination that is especially relevant in today's rapidly changing and highly unpredictable global landscape? Join us to bring your questions to this panel of esteemed faculty representatives and current PLE students.

If you're going to take on the world, you'd better be prepared. That's why we equip you in so many breakthrough ways and with a singular goal in mind: To set you up to be a world-ready individual with great career paths.

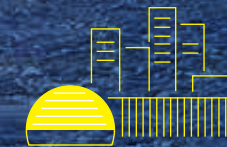

1ST LOCAL UNI TO PIONEER AN INTERDISCIPLINARY CURRICULUM

It's our broad-based, flexible and rigorous curriculum, as well as interdisciplinary majors and programmes that transform you. And it all started here!

1ST TO OFFER A GUARANTEED 2ND MAJOR

Know a good deal when you see one. Gain more, get better equipped, be versatile and highly sought after.

1ST CITY CAMPUS IN SINGAPORE

The downtown vibe is great. But when you're so close to future employers, it's more than a foot through the door.

1ST WITH HOLISTIC ADMISSIONS

You're more than just grades on a piece of paper. Your attitude and potential count for lots as well.

#1 MOST FLEXIBLE CORE CURRICULUM IN SG

All students in SMU get to take the Core Curriculum. Not limited by major or degree programme! Get total freedom to expand your intellectual horizons.

#1 GRADUATES

We produce future-ready, versatile and articulate problem-solvers. That's why our grads get more offers, better jobs and higher salaries.

FIRST-OF-ITS-KIND CUTTING EDGE PROGRAMME:

SMU-X

Our students work in small groups to consult for real-life companies while solving real-life issues. How awesome is that?

FIRST-EVER
INTERACTIVE PEDAGOGY

Say 'ped-a-go-gee'. It means how we learn in seminar-style classes with no more than 45 students so everyone gets to speak up. Along the way, you find your voice!
