....AND MANY MORE

"SMU's focus on team-based projects greatly helped me to hone essential soft skills, such as being a confident speaker and good team player. SMU's experiential style of learning, which includes working with external clients through the SMU-X programme, also gave me exposure to several technologies that are widely used in industry. When I began working in previous internships and my current full-time role, I found that this prior exposure gave me an invaluable head-start on adapting to working life."

Ko Hui Ning
Software Engineer, Stripe
SMU School of Computing & Information Systems,
Class of 2023

"As we progress in our personal and professional lives, having a strong network and community can make all the difference. A lot of where I am today is thanks to the kind and helpful seniors from the alumni network. Additionally, the seminar-style learning environment at SMU fostered active participation in class discussions, which helped ingrain the communication and presentation skills I use at work today."

Francis Phuang
Director, eFX Sales, UBS Investment Bank
SMU School of Economics
Class of 2013
