Overview 2026

A global city, a melting pot of cultures, clean, green & safe!

"Singapore is known for having one of the best education systems in Asia and is also globally recognized. I chose SMU because of its strong reputation for graduate employability and competitive starting salaries."

Aqila Sahta Aisa (Indonesia)
Year 2, School of Accountancy

TOP 5 REASONS TO STUDY IN SINGAPORE:

Asia's most liveable city and one of the safest in the world

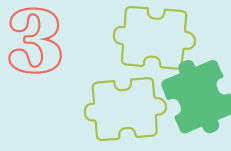

The city state has a highly efficient infrastructure and offers a clean, safe and secure environment for its residents.

ACADEMIC CALENDAR

There is only one freshman intake a year, starting in August. SMU's undergraduate programmes are conducted on campus on a full-time basis.

TERM 1
Aug to Nov
(15 weeks)

TERM 2
Jan to Apr
(15 weeks)

Tuition fees

Tuition fees are heavily subsidised by the Singapore government. This subsidy comes in the form of a tuition grant. Singapore Permanent Residents and international students who take up the tuition grant are required to work in a Singapore-registered company for 3 years upon graduation from SMU. Those who are not eligible, or choose not to apply for the tuition grant, will pay the non-subsidised fees. Such students will not be bound by the 3-year work obligation.

We adopt the fixed fee model, which guarantees that tuition fees remain unchanged throughout the normal duration of study at SMU (four years) for every freshmen cohort. However, tuition fees for future freshmen cohorts are subject to change from year to year.

The subsidised fees for Singapore Citizens and Singapore Permanent Residents shown are without GST which is separately subsidised by the Singapore Government.

The subsidised fees for International Students and non-subsidised fees are inclusive of GST.
