## Why apply for an SMU scholarship?

An SMU scholarship is a recognition of your all-round achievement as a student and, more importantly, a validation of your potential for future success. The various scholarships at SMU will generally cover all or part of your tuition fees, sponsor you on university-related overseas trips, and give you opportunities to participate in leadership and networking events.

## What makes an SMU scholar?

We seek individuals who care about their community and who want to make change that matters. If you demonstrate academic excellence, have outstanding leadership qualities, and have shown commitment to your community, you could be who we're looking for.

## How do I apply for a scholarship?

You are allowed to list up to five preferred scholarships in our online application form, but make sure to read the requirements and eligibility criteria before applying. We give out hundreds of scholarships to students every year, so you stand a good chance of attaining one.
